## Relief & Reconstruction Materials

HELP NEPAL Network began its earthquake relief work on May 7, 2015, deploying relief and reconstruction materials to earthquake affected areas in central Nepal. As of September 30, 2015, we have spent over NRs. 4 crore and 70 lakh (approximately US \$470,000) in this effort.

A breakdown of expenditure is shown in Figure 1. To transport and distribute materials, HELP NEPAL Network partnered with local government offices and more than 100 non-profit and community organizations (listed on page 4). Food, medicine, sanitary materials, construction materials for shelters, and other relief materials were distributed in Bhaktapur, Bhojpur, Dhading, Dolakha, Gorkha, Kathmandu, Kavrepalanchowk, Lalitpur, Lamjung, Makwanpur, Nuwakot, Okhaldhunga, Ramechhap, Rasuwa, Sindhuli, Sindhupalchowk, and Solukhumbu. A district map is shown in Figure 2.

HELP NEPAL Network is working with the Department of Education to redesign schools damaged by the earthquake. Several schools have been selected in Sindhupalchowk and Nuwakot for reconstruction, and the initial design and costing phase is underway. We plan to complete this phase and begin the reconstruction work in the coming months. Our reconstruction work in 2016 will primarily focus on rebuilding schools.
